## Storm Data and Unusual Weather Phenomena - June 2014

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
Damaging thunderstorm winds blew through Swifton. At the fire department administrative building (old City Hall), a bay door blew in. Once the wind was inside the building, it blew out much of the rear of the building and took off a large part of the roof . Rain poured in, leaving more than an inch of water on the floor of the offices. Across the street, a large tree fell on a garage. Nearby, a huge tree fell into a house, causing large limbs to jut through the ceilings of several rooms.

A 59-year old man, who was fishing from a 14-foot boat on Beaverfork Lake, drowned when a severe thunderstorm capsized the boat. The investigative report from the Arkansas Game and Fish Commission indicated the primary cause of the accident was "Weather - Failure to recognize unsafe conditions for the vessel type" and a secondary cause of "Hazardous Water". The report also indicated that winds were 60 to 70 mph, waves were over 2 feet, and the boater was not wearing a personal flotation device.				
Direct Fatalities: M59BO				
<b>PULASKI COUNTY --- 0.8 W HALSTEAD [34.72, -92.41], 1.0 E (LIT)LITTLE ROCK ADA [34.73, -92.21]</b>				
	06/06/14 12:28 CST		0.25M	Thunderstorm Wind (MG 52 kt)

Heavy rainfall late in June caused the White River at Augusta to rise above flood stage during the early morning hours of the 30th. This river remained above flood stage into July.				
<b>A weak front in the state helped to spark thunderstorms on the 28th and 29th. Isolated severe weather occurred in the southern part of the state on the afternoon of the 28th. During the evening of the 28th, the front moved slightly back to the north, settling across the middle of the state. During the wee hours of the 29th, very heavy rain began in parts of eastern Arkansas. This rain continued for much of the morning on the 29th as storms repeatedly traveled along the frontal boundary. Rainfall amounts of 3 to 6 inches were common in parts of eastern Arkansas, and some totals were in the 8 to 10 inch range. Approximately 35,000 acres of soybeans, corn, and rice were flooded in Prairie, Woodruff, and Monroe counties.</b>				
<b>Arkansas Governor Mike Beebe declared the following counties eligible for public assistance: Jackson, Monroe, Prairie, and Woodruff. In addition, the governor declared the following counties eligible for individual assistance: Monroe and Woodruff. U.S. Secretary of Agriculture Tom Vilsack declared an agricultural disaster in the following counties: Independence, Jackson, Lonoke, Monroe, Prairie, White, and Woodruff.</b>
